

Fuel Calculator

March 2022

LHT Logistics have always strived to offer the best value to our customers, but due to the continuing pressure of fuel prices, we now find it necessary to introduce a fluctuating fuel surcharge.

The Fuel surcharge will be determined by our purchase of fuel on a weekly basis and should the surcharge change, this will be detailed on the fuel escalator below.

Everyone at LHT Logistics understands the challenges this uncertainty brings, but we appreciate your understanding and continued support. Thank you.
